

There is no end of Old Virginia Cheroots

to waste, as there is no finished end to cut off and throw away. When you buy three Old Virginia Cheroots for five cents, you have more to smoke, and of better quality, than you have when you pay fifteen cents for three Five Cent cigars.

Three hundred million Old Virginia Cheroots smoked this year. Ask your own dealer. Price, 3 for 5 cents.

Mr. T. J. Jessee of Lewis county was here Thursday en route to his home from Oklahoma, where he has been looking out a location for himself and several of his neighbors who propose to emigrate from a state where their votes count for nothing. He is very enthusiastic over the progressive condition of affairs there. He says he felt infused with new life and energy from the push and go of the up-to-date business and improvements on every hand.

Mrs. Mary F. Viole died of consumption at her home near Concord, Fleming county, January 8th, 1901, aged 25 years. She was a daughter of Mr. and Mrs. Asa Saunders of Fleming county and a granddaughter of the late Elder D. C. Yasell of this county. She had been a member of the Christian Church for five years. She was married to P. M. Viole February 22d, 1900. Besides her husband and parents she leaves one brother and two sisters, Mrs. J. Sylvia of this place being one of them, and a large circle of other relatives and friends who mourn her early departure. The funeral services were conducted by Elder Templeton of Carlisle at the Christian Church in Concord. The remains were laid to rest in the quiet cemetery there. Sympathy for the friends is extended by the writer.

In ordinary apple years the waste of skin and cores amounts to 500 or 600 carloads, and during years of abundant yield it runs as high as 1,200 and 1,500 carloads. All this waste now goes to the factories, which make cheap jellies.

There are upward of 140 of these factories in this country, and they have an annual capacity of some 200,000,000 pounds.

It is a common fallacy that impure water becomes sterilized at a temperature of 32 degrees. One of the most curious facts about bacteria is that, while a single ray of sunlight will extinguish the life of innumerable hordes, and while a very moderate increase in the temperature around them will have the same effect, they are absolutely uninjured by any degree of cold.

An authority on bacteriology says that many diseases may be traced to the eating of unwashed fruit, and particularly some grapes which had stood for a long time in a basket on a fruit stand, the man of science found that the water contained tubercle bacilli in sufficient quantities to kill a guinea pig in two days. Two other guinea pigs which were inoculated with the germ infected water died within six weeks.

Recovery of Glands for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c. per bottle. Hall's Family Pills are the best.
